

Map of the British Isles showing sampling locations and sample sizes (n) for four categories:

- nonapprovK (Red dots)
- truezerodetect (Blue dots)
- repl1pos (Green dots)
- repl2pos (Dark green dots)

Sample sizes (n) are indicated next to each point. The map shows a high density of samples in the central and eastern regions, particularly around the English Channel and the North Sea coast, with some isolated samples in the west and north.
