

Map of the British Isles showing sampling locations and sample sizes (n) for four categories:

- nonapprovK (Red dots)
- truezerodetect (Blue dots)
- repl1pos (Light Green dots)
- repl2pos (Dark Green dots)

Sample sizes (n) are indicated next to each dot. The map shows a high density of samples in the south of England, particularly around London, and more scattered samples in Scotland, Wales, and Ireland.
